## bass guitar stainless bass 7350's

### Fender® String Construction

Stainless steel roundwound.

### Tone Descriptor

Aggressive, bright tone, with very high output.

### Music & Playing Styles

Fender® Stainless Bass 7350's are an excellent choice for slap styles, heavy metal, and hard rock.

### Special Features / Benefits

Fender® Stainless Bass 7350's deliver high-output and growling mid-range punch, complemented by crystal clear highs and powerful lows. The stainless steel construction also gives these strings an increased lifespan.
