Feature

-12mm wide Low profile design
Standard shaft height (from mounting surface to shaft center) is 10mm, 12.5mmm is also available
|-Dual-shaft,multi-section design permits many kinds of functions
|-Glass epoxy substrate gives superior electrical characteris

Application

Car Radios,Car Stereos,and other Audio Equipment
|Consult us for the products of different specifications
|Other than listed in this catalog

There are 7 Parts No. in this " CAR 12 " Series.

List All

Part Number	Product Name	Total Resistance	Tolerance	Rated Dissipation	Rated Voltage	Rotation Torque
V12L5DG4N	Potentiometer					
V12L5DN	Potentiometer					
V12L5G(4R)N	Potentiometer					
V12L5GN	Potentiometer					
V12L5GS	Potentiometer					
V12L5N	Potentiometer					
VM123L5DGM3-6S	Potentiometer
