

Sidenote:

The font “Anastasia Regular,” is needed by some platforms such as Windows 95/98 when viewing the DM Company’s .pdf drum transcriptions. Do not panic if it says you need the true type font. Just use the font, “Anastasia Regular” when viewing the .pdfs.

Installation:

Go:

My Computer ➔ C: ➔ Windows ➔ Fonts ➔ Anastasia Regular

Double-click on “My Computer,” double-click on your hard drive (C:), double-click on the folder named “Windows,” double-click on the “Fonts” folder, and drag the font from the downloaded and unzipped zip file that you download to the fonts folder. Close out of the fonts folder and try clicking on the .pdf transcription on our transcriptions page of our website.

Problems?

Visit our “Contact” section and send us an email describing your problem. We will email you back if you leave your email address for us to use.
